ria was destroyed, and its inhabitants carried into a captivity identical with that of the tribes themselves.

The work here noticed has been received with much favor in England. Its republication in this country is a most important contribution to historical and archæological study, while also of value in its connection with Old Testament criticism. We give it a most cordial welcome, and earnestly commend it to those interested in that line of research, of which it is one of the most valuable of recent fruits.
